Mixed Realities for Pedagogues

is an Erasmus+ project delivered by European educational institutions, to promote digital higher education by introducing immersive learning into educational studies.

→ **xr4ped.eu**

Co-funded by the
Erasmus+ Programme
of the European Union

Institutions involved:

University of Primorska · Staatlich anerkannte, private Fachhochschule des Mittelstands (FHM) · E.N.T.E.R. · University College Dublin · KU LEUVEN · WAKEONE

Main project goals

XR4Ped fosters digitisation in Higher Education in general and the promotion of XR-based immersive learning in particular. Main objectives, outcomes and impact are as follows:

- Implementation of a qualitative guided interview survey based on input from 20 best practice EU projects.
- Implementation of a quantitative online questionnaire survey and analysis based on feedback from 200 European educators at all levels to obtain a clear picture.
- Publication of a Green Paper presenting the detailed analysis of the survey's results.
- Development of the XR4Ped Study Course for lecturers/ students of pedagogy containing 8 modules on immersive learning and 2 modules on how to create and implement webinars to deliver modules with immersive learning.
- Development of an XR4Ped Lecture Theatre, an immersive learning environment.
- Training of 140 lecturers/students by means of an XR4Ped study course pilot.
